S. J. PEARSON,
Horses Do Get Sick.
When a horse and mules are poor
it is not always and indication that they
do not get enough to eat. Many an-
imals, just like human beings, have in-
digestion or indigestion is all run down
and a tonic is needed. It is not the
amount of food eaten that makes muscle
and fat. More depends upon the proper
digestion or assimilation of the food
than is commonly supposed. Nothing
has yet been discovered that will build
up a horse or mule better than As-
ter's Condition Powders, the only
remedy in its class sold under a guar-
antee. Ask Mr. Smith Newton, Ben-
netsville, for it—the kind put up in dis-
pensaries. And McColl Drug Co., McColl, S. C.
